WORK EXPERIENCE

ASIANA TIMES | WEB STORY INTERN

Remote | July 2023 – Present

- My role involves **crafting news articles in the engaging format of web stories**.
- Though **it's not directly aligned with my professional career**, It enables me to blend my side passion. and indulge in the art of transforming news into captivating narratives.

AJATUS SOFTWARE | FRONTEND DEVELOPER INTERN

Bhubaneswar, Odisha | July 2022 - September 2022

- Developed **Reusable Stateful Dynamic UI Components** using **React, Redux, JavaScript** for projects based on User Dashboard system, Cloud Kitchen platform etc.
- **Worked Closely with the API Team** members to craft some functionalities based on the requirements.
- Worked on **UI requirements** and built different **Web Pages**.

VYNCX CORPORATION | MARKETING RESEARCH ANALYST INTERN

Jamshedpur, Jharkhand | June 2021 –

November 2021

- I **conducted extensive market research** to gather insights and **identify key pain points** in the existing review process.
- Worked on the **internal product designed** to streamline the **client review process** during client onboarding.

PROJECTS

JS TIPS AND TRICKS

APPLICATION FOR JAVASCRIPT DEVELOPERS

I was **preparing for my interviews** and came across some very common, yet confusing concepts of JavaScript. Right then, I had this idea of creating a website where I can provide a good number of resources, **notes, and some tricky concepts, all sprinkled with JavaScript and development-related memes**.

IMAGINARY TINDER

TINDER LIKE UI

I've created a **UI that's exactly like Tinder**, and added **swipe-able cards** with **smooth swiping animations**. I've used the latest **Firestore version v9** to power it up and make it even better.

SLEEVE

STREET FASHION E-COMMERCE

This is a **street-wear fashion destination e-commerce website**. Built this using **ReactJS** and **Redux toolkit** to maintain and update data across multiple components.

CODE-X

ONLINE CODING PLATFORM

Developed a **fully-functional code editor** application using **React JS** and **Codemirror**. Designed and implemented user interface and user experience elements to create a **streamlined and intuitive experience** for users.

UDEMY

UDEMY UI CLONE WITH ADD TO CART FEATURE

This project replicated the **user interface of the Udemy platform**, allowing users to **browse courses, view course details, and add courses to their cart**. The UI is designed to be **responsive and user-friendly**, offering a **similar experience to the actual Udemy website**.

SKILLS

Programming: JavaScript, React JS, Redux/Redux Toolkit, Node JS, JSON API, Firebase, Git, CI/CD, HTML, CSS

Familiar: Angular, Next JS, TypeScript, SCSS

Other Skills: Problem Solving, Complexity Analysis, Debugging, Communication

EDUCATION

BTech. in Computer Science | CGPA - 7.6

Bhubaneswar, Odisha | July 2018 - June 2022

TRIDENT ACADEMY OF TECHNOLOGY
